

The Car Olympian!

A CAR THAT YOU SHOULD OWN

The time spent in your automobile should be the most pleasurable of your life and it will be if you ride in The Olympian.

Why?

First—The Olympian has beauty, power, strength, speed, durability, comfort, equipment. It is absolutely complete—nothing skimmed, nothing slighted, nothing lacking.

Second—The Olympian standard equipments include more actual motoring necessities than that of any other car now offered to the public.

Third—The Olympian furnishes the greatest value for the price of any other car on the road. It is worth \$200 more in value than any other car of its price—\$965 F. O. B. Factory.

WAR SERMONS ON TUBERCULOSIS

Churches Throughout Country to Observe Annual Opening of Tuberculosis Week.

NEW YORK, Dec. 1.—War sermons on the tuberculosis problem are to be preached in churches throughout the country tomorrow and on December 8, it was announced here today for the National Association for the Study and Prevention of Tuberculosis.

Tomorrow marks the eighth annual observance of Tuberculosis Sunday, and December 8 comes at the close of "Tuberculosis Week," during which 1,500 state and local anti-tuberculosis associations will conduct an educational campaign against the plague. Several million pieces of literature will be distributed.

Unprecedented Call For Cent Pieces

PHILADELPHIA, Dec. 1.—With an unprecedented demand for 1 cent pieces, the coinage of the Philadelphia mint in November was the largest of any single month in its history. In the seven months of the present year 16,288,108 more pennies were coined than during the twelve months of 1916.

In November 44,748,627—cent pieces were coined making a total for the eleven months of the year of 148,121,785 pieces. During 1916 the coinage of pennies was 131,833,677 pieces. The total coinage last month was 69,640,445 pieces of a value of \$3,731,077 which eclipses all former records.

EAGLES, ATTENTION!

Election of officers Wednesday, December 4th.
C. E. CARLILE, Worthy President.

MEAT CUTTERS MAY TAKE STRIKE VOTE

SIoux CITY, Ia., Dec. 1.—The Journal publishes the following today: Sioux City unions of the Amalgamated Meat Cutters and Butcher Workmen, which have a membership of 1,500 in the Sioux City packing plants, will take a strike vote Tuesday night in accordance with telegraphic instructions received from the international union in Chicago.

A similar vote in many other packing centers, involving approximately 100,000 employees, will be taken. Alleged refusal of the Chicago packers to confer with the unions with reference to the demands recently made for increased pay and shorter hours precipitated the present crisis. All returns on the proposal to strike at once must be received in Chicago not later than Saturday, December 8, according to telegraphic directions to the Sioux City unions.

COMMISSIONER M. L. JONES MAKES A STATEMENT IN REPLY TO MAYOR-ELECT T. S. BROWNING

According to a statement made by Commissioner Miles L. Jones and seconded by Commissioner Chris Flygare, the departments of the city government to be headed by these two and by Mayor-elect T. Samuel Browning will not be apportioned as stated by Mr. Browning when he met informally with the two commissioners on Monday of this week.

A detailed statement of the proceedings of this meeting was given to a Standard reporter this morning by Commissioner Jones, who was named as spokesman for the two commissioners. In this statement, Mr. Jones says: "Mr. Browning came into the office of Commissioner Flygare and stated that he wanted the department of finance and the department of public safety. Mr. Flygare told him that he couldn't see how Mr. Browning was entitled to this choice. Mr. Flygare then called Mr. Jones, who, when made acquainted with the desires of Mr. Browning, said that if Mr. Browning was given these departments he would not only have control of the two most important departments in the city government, but he would have the appointment of six men to the most important appointive positions offered in the conduct of the affairs of the city."

The superintendent of the department of public affairs and finance has to do with matters relating to the firms, companies and corporations operating under a franchise. He also has supervision of the accounts and records of the administration. He has the appointment of the city attorney and his assistant, the city recorder and the city treasurer and of all city collectors.

"Generally, it is conceded that the department of health should be under the direct supervision of the mayor. This would mean the appointment of the sanitary inspector and the city physician. In all, if the departments are divided this way, he has the appointment of six men to office, while Mr. Flygare and I have the appointment of but three apiece."

"If Mr. Flygare has charge of the departments of streets and public improvements and waterworks, which he has expressed a desire to head, feeling that these two departments should properly come under one head, as most of the work is in the streets, he would have the appointment of the street supervisor, the city engineer and the assistant superintendent of the waterworks department."

"I have expressed my preference for the department of parks and the department of public safety. The former carries with it the appointment of a park superintendent and the latter gives me the appointment of the chief of police and the fire chief."

Fair Division
"If the division is made in this way, which seems to me to be fair and equitable and gives Mr. Flygare and myself the first say, as is perfectly just, as we are the senior members of the board, we are still conceding Mr. Browning six appointments to our three apiece. If there was any desire on our part to humiliate Mr. Browning, we certainly would not go about it in that way. There are properly five departments in the city's affairs and, had we desired to humiliate, it seems to me we could have chosen two apiece and left Mr. Browning but the one. This we have no desire to do."

"When Mr. Browning was commissioner in a former administration, he had charge of the departments of parks and public safety and therefore should be willing to concede the latter."

"It is not the desire of either Mr. Flygare or myself to have any contention or strife, as we feel that the citizens elected us with handsome majorities with the expectations that we would work for the best interests of Ogdenville as a whole."

"But when Mr. Browning made the threat he would have what he wants or make trouble, we certainly resent the statement and say that we do not intend to concede what we feel to be our just position and surrender the rights the people have reposed in us for the past two years."

"The present commissioners have labored harmoniously and have, in our best judgment, labored at all times for the best interests of Ogdenville. While there have been differences of opinion on the many questions that have come up, we have discussed them in a friendly way and with a non-antagonistic feeling. Whenever two of us united on a matter, the third member has always supported the majority, always keeping in mind the best interests of those who elected us to office."

Mr. Flygare's Statement
Mr. Flygare later stated that he had chosen the departments of streets and of waterworks as he feels that these two departments should be classed together. Most of the work of the waterworks department is done in the streets and for that reason it would be easier to supervise the two under one head and thereby gain the greatest efficiency.

Mr. Jones is of the opinion that the same should be true of the parks and public safety departments, and that by conceding the department of finance to Mr. Browning, along with the health

department, they are giving him the advantage considerably, as he will have just twice as many appointments to make as either of the other two commissioners.

CUT THIS OUT—IT IS WORTH MONEY.

DON'T MISS THIS. Cut out this slip, enclose with \$5 and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds, and croup; Foley Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headache and sluggish bowels. A. R. McIntyre Drug Co.—Advertisement.

NOTICE

There will be a meeting of the stockholders of the Weber Canal Water company held at the office of the secretary, 349 Thirty-third street, Ogden, Utah, at 11 a. m., Monday, December 3, 1917, for the purpose of electing a board of directors and transacting such other business as may properly come before the meeting.

November 18, 1917.
JOB PINGREE, Pres.
D. H. ENSIGN, Secretary.

AMBASSADOR GETS DISMISSAL

Leon Trotsky Considers Participation in Inter-Allied Conference a State Offense.

PETROGRAD, Friday, Nov. 30.—M. Maklakoff, the Russian ambassador to France, has been declared dismissed from his post by Leon Trotsky, the Bolshevik commissary for foreign affairs. This action was taken because of the ambassador's participation in the inter-Allied conference which is considered a state offense entailing a heavy penalty.

Ambassador Maklakoff, who was appointed by the Kerensky government, arrived in Paris on November 7, but up to this time has not presented his letters to the French government as he has been waiting to see what happens in Russia. He sits in the inter-Allied conference by special invitation and as an unofficial observer.

M. Maklakoff in interviews during the past month has expressed his opposition to the Bolsheviks. On November 26 he predicted the fall of the Maximilists within a short time.

Bolshevik Documents.
LONDON, Dec. 1.—Details of a series of documents published by the Bolshevik government relating to successive concessions offered to Greece for the purpose of inducing her to assist Serbia are sent by the Petrograd correspondent of the Times.

These included an offer of southern Albania excepting Tivona; an offer of territory in Asia Minor and other offers at the expense of Turkey. These all came to nothing for various reasons.

One document, it is added, dealt with a proposal to hand over Kavala to Bulgaria if Bulgaria joined the entente allies. Another concerns Great Britain's offer of the island of Cyprus to Greece which lapsed owing to the refusal of Greece to help Serbia.

"Skinner's Baby" in which Bryant Washburn is featured will be shown at the Cozy Theatre Tomorrow, Monday and Tuesday.

SUPERMAN TO BE SUBJECT OF SERMON

No theory of man has had greater influence in the past ten years than the strange, fascinating appeal to the ambition and will, as presented in the thought of the possibility of the overman or superhuman. It arose out of the Darwin theory of the survival of the fittest and was made attractive by the unsurpassed diction of a writer like Nietzsche. Founded on science, it dominated without reserve most of the stronger minds of Central Europe and held the thought of the university stu-

CLAIM ITALY HAS DESTROYED ART

AMSTERDAM, Dec. 1.—A dispatch from Berlin to the Rheinische Westfälische Zeitung of Essen, deplores the "destruction by the Italians" of Italian art works during the recent retreat and adds:
"As many art treasures as was humanly possible have been stored in places of safety by art experts accompanying the German army."

RICE 1000 YEARS OLD.

TOKIO, Nov. 24.—Rice grown directly from seed grains one thousand years old will be served the Emperor of Japan, when he attends the autumn manoeuvres of the Japanese army in Shiga prefecture this fall. The ancient rice grains were found inside a wooden image of Vaisravana in a little Buddhist temple in the village of Iwama.

Vaisravana is the god of wealth, and his image had become so old as to need repairing. In the course of doing this there was found inside the image a flaxen bag containing the seed and a paper with the following instruction in ancient Chinese characters:
"This image has been carved for peace of the world. If any one of a later generation opens it, he should put in new seed." From the artistic style of the carving and the traditions relating to the image, it was estimated that the seeds were 1,000 years old. They were planted and yielded a good crop.

PROTEST AGAINST LUMBER RATES

WASHINGTON, Dec. 1.—Protest against proposed increases in lumber freight rates from the Willamette valley, Oregon, was made to the interstate commerce commission today by the department of agriculture in a brief intervening in the complaint of the Willamette Valley Lumbermen's association. The department alleged discrimination against the Willamette lumber region where the federal forest service has large holdings, and asserted that higher rates would prevent the region from competing for war purposes. This is one of the rate cases before the commission.

ANNUAL YULETIDE GIFTS CUT OFF

NEW YORK, Dec. 1.—Employees of the stock exchange who in past years have been the recipients of generous Christmas gratuities from floor members, this year will receive only their share of the regular fund from which it has been the custom to make annual Yuletide distributions.
The action of the exchange is to be a forerunner of similar announcements by bankers and brokers in the financial district.

HEAVY TAXES ON LAND NOT TILLED

WASHINGTON, Dec. 1.—Heavy taxes for every acre of arable land not put to the production of food will be proposed to congress at the impending session in a bill prepared by Representative Randall of California. Mr. Randall proposes to tax every acre of untillable lands \$5 and every unplanted city lot \$1, the taxes to go to the support of the war. The government would gain revenue and increase the food supply, he thinks.
